General Provisions

The European Commission (hereinafter referred as the “EC”) and the Contracting Party on behalf of the EDI consortium have signed the Grant Agreement no. 779790 for the implementation of the EUROPEAN DATA INCUBATOR (“EDI”) within the framework of the European Union’s Horizon 2020 Research and Innovation programme.

The Contracting Party has chosen the Evaluator to be part of the evaluation team of EDI.

This Contract sets out the rights and obligations applying to the Evaluator and the Contracting Party for the purpose of evaluating the proposals submitted to EDI under EDI second open call for proposals launched on 20th March 2019.

The terms and conditions of this Contract do not constitute an employment agreement with the Contracting Party.

Article 1 – Entry into force of the contract and Termination

This Contract shall enter into force on the day of its signature by the Contracting Party. The termination of the Contract will be subject to the terms and conditions set out in Article 11.

Article 2 – Tasks of the Evaluator

The Evaluator must participate in the evaluation of proposals submitted in response to EDI second open call, launched in March 2019.

The details of the work, the number of proposals and the phases in which the Evaluator might be involved (in addition to Phase 0) will be communicated via email (indicated in article 14) by the Contracting Party.

The Evaluator must send the Contracting Party a report per proposal evaluated and include the necessary recommendations.

The Contracting Party will inform the Evaluator, at each stage of the evaluation process, of the relevant documents and criteria to be used for this purpose.

The time periods and deadlines to perform the evaluations will be informed by the Contracting Party according to the schedule defined in the Guidelines for Applicants (Annex 3). An indication of the evaluation periods in which the Evaluator might be involved, as per the needs of the project, is provided below:

Phase	Evaluation period	Place
Phase 0 - Proposals	27 June 2019 to 21 July 2019	Remote evaluation
Phase 1 – Explore	October 2019	Face-to-face evaluation (Datathon, Berlin) + evaluation report
Phase 2 - Experiment	February 2020	Face-to-face evaluation (Bilbao) + evaluation report

Within the framework of this contract, the Evaluator will be attributed a maximum of sixty (60) proposals to be assessed in phase 0.

As an estimation, the number of days needed per evaluation phase is the following:

Evaluation period	Estimated number of days required for evaluation
Phase 0 - Proposals	4 working days (15 evaluations per day)
Phase 1 – Explore	1,5 working days
Phase 2 - Experiment	1,5 working days

Article 3 – Performance of the contract

The Evaluator must perform the Contract in compliance with its provisions and all legal obligations under applicable EU, international and national law.

The Evaluator must do so fully, within the set deadlines and to the highest professional standards.

The Evaluator must, in particular, ensure compliance with the Code of Conduct (see Annex 1).

In the event that the Evaluator cannot fulfil their obligations, he/she must immediately inform the Contracting Party in writing. The consequences for non-fulfilment of obligations are foreseen in articles 8-12.

Article 4 – Keeping records. Supporting documentation

The Evaluator must keep records and other supporting documentation (original supporting documents) as evidence that the Contract is performed correctly and the expenses have been actually incurred. These must be available for review upon the Contracting Party's request. The Contracting Party and the EC are entitled to analyse the evidence to determine whether the Contract has been duly performed. The Evaluator must keep all records and supporting documentation until 2026. If there are on-going checks, audits, investigations, appeals, litigation or pursuit of claims, the Evaluator must keep the records and supporting documents until these procedures end completely and the Evaluator receives a writing confirmation of this fact.

Article 5 – Price of the Contract and Payments

5.1. Price

The Contracting Party will pay up to a maximum gross amount of **300** Euros (€) per day. The Evaluator shall bear the cost of any applicable taxes (such as income tax or VAT, if applicable). The actual number of working days will be calculated depending on the number of proposals to be evaluated attributed. Fifteen proposals amount to one working day. A maximum of four working days may be invoiced. Only full and half days can be invoiced.

The calculation will always be rounded up to the following half day number. As a way of example, if the Evaluator is attributed 33 proposals, she/he will invoice 2,5 working days.

5.2. Payments schedule

Payments will be made at the end of each phase:

- The first payment to the amount of **300 Euros (€)** per day for a maximum of 4 days, will be paid after the evaluations in Phase 0.

- The third payment to the amount of **300 Euros (€)** per day for a maximum of 1,5 days + travel expenses, will be paid after the evaluations in Phase 2 *[only when Evaluator is involved in phase 2]*

Payments are subject to the Contracting Party's approval of deliverable(s) or report(s), and of the payment request(s).

Approval of the payment does not mean recognition of compliance, authenticity, completeness or correctness of content of the evaluation or of the services performed by the Evaluator.

5.3. Request for payment

The Evaluator must make a request for payment to obtain their fees.

To do this, the Evaluator must submit a valid invoice with the amount to be paid to the Contracting Party. The Evaluator shall issue the invoice covering the relevant period as per the payment schedule defined in Article 5.2

All Invoices shall be denominated in Euros (EUR). Payments will be made by bank transfer 60 days net from receipt of the invoice, provided that the payment requirements are met.

The Evaluator will be liable for all bank charges incurred due to incomplete information they might provide.

Article 6 – Confidentiality

6.1. Principles

i) he/she will not use any such information for any purpose other than in accordance with the terms of the Contract.

ii) he/she will treat the same as (and to procure that the same be kept) confidential, provided always that such agreement and undertaking shall not extend to any information which the Evaluator can show that it:

The Evaluator shall not attempt to re-identify the data subjects to which the data relates and commits not to make any un-authorised use of personal data.

Article 8 – Check, Audits and Investigations

The EC may - during the implementation of the action or afterwards - carry out checks and audits to ascertain compliance with the proper implementation of the tasks (including assessment of deliverables and reports) under this Contract and whether the Evaluator is meeting their obligations.

It may do so throughout the Contract's validity and up to five years after the last payment is made within the EDI project in accordance with its Grant Agreement (year 2026). The Evaluator must provide - within the deadline requested - any information and data in addition to deliverables and reports already submitted. The Evaluator must allow access to sites and premises on which the tasks specified in this Contract are performed.

The European Court of Auditors (ECA) has the right of access for the purpose of checks and audits.

Moreover, findings arising from a European Anti-Fraud Office (OLAF) investigation may lead to criminal prosecution under national law.

Article 9 – Effects of Breaching Contractual Obligations

9.1. Suspension of the Payment Deadline

- I. was employed by one of the applicant legal entities in the last three years
- II. is involved in a contract or grant agreement, grant decision or membership of management structures (e.g. member of management or advisory board etc.) or research collaboration with an applicant legal entity or the fellow researcher, or had been so in the last three years.
- III. has a patrimonial interest in an applicant legal entity especially because of having the property or part of it or a credit.
- IV. is in any other situation that could cast doubt on their ability to participate in the evaluation of the proposal impartially, or that could reasonably appear to do so in the eyes of an external third party.

3. Consequences of conflicts of interest:

- a) If a conflict of interest is reported by the Evaluator or established by the Contracting Party, the Evaluator must not evaluate the proposal concerned and shall immediately inform formally the Contracting Party about the situation.
- b) If a conflict becomes apparent at any stage of the evaluation, the Evaluator must immediately inform the Contracting Party. If a conflict is confirmed, the Evaluator must stop evaluating the proposal concerned. Any comments and scores already given by the Evaluator will be discounted. If necessary in order to assure the independence of the evaluation, the Evaluator will be replaced.
